### COMPANY OVERVIEW

Sthenos Technologies is an Economically Disadvantaged Women-Owned Small Business (EDWOSB) delivering AI-enabled digital platforms, application development, cloud engineering, and quality assurance services. We transform complex operational environments into secure, scalable, human-centered ecosystems that drive measurable mission outcomes for federal agencies.

### CORE COMPETENCIES

#### Artificial Intelligence & Data

- ML, predictive analytics, NLP
- AI decision support & automation
- Data engineering & pipelines
- Practical AI for federal workflows

#### Application Development

- Secure web, mobile, enterprise apps
- Custom APIs & systems integration
- Section 508 accessibility
- Long-term maintainability

#### Cloud Consulting & Engineering

- Cloud migration & ATO support
- AWS, Azure, GCP gov clouds
- DevSecOps, CI/CD pipelines
- Compliant federal environments

#### Digital Transformation

- Human-Centered Design (HCD)
- Agile, SAFe & roadmapping
- Legacy system modernization
- Constituent service redesign

#### Quality Engineering

- Functional, perf, security QA
- Test automation
- Audit-readiness
- Accreditation evidence

#### Team Augmentation & IT Staffing

- PMs, Scrum Masters, Coaches
- Data Scientists, ML Engineers
- DevOps, Cloud, Security
- Cleared, US-based talent

### DIFFERENTIATORS

1

#### AI Delivered

We design, build, and maintain AI-enabled systems that integrate into existing federal workflows, focused on real-world mission usage.

2

#### Product Mindset

Every engagement approached as a long-term product: clean code, scalable architecture, documentation, easy to operate over time.

3

#### Proven Execution

Structured delivery models with clear timelines, defined ownership, continuous visibility, and ongoing support.

4

#### Secure by Design

Security embedded across development and managed services, from architecture and access controls to monitoring and compliance.

5

#### Industry Insight

Deep understanding of enterprise and regulated environments, aligned with federal compliance and operational realities.

### STRATEGIC PARTNERS

Amazon Web Services

Microsoft

Google Cloud

SAP

Magento
